March 27, 2020 – Build Begins 9:00 AM

Canstruction Tips

- Take advantage of your planning time- trips to the grocery store will help you think about available colors on can labels and costs of cans.
- You may use fundraisers to obtain additional funds for the competition.
- Contact your mentors – they are here to help!
- All teams must have a faculty advisor or parent chaperone present on the day of the competition!
